WORKING EXPERIENCE

Shopee | Key Account Management Associate | April 2025 - Present

PIC Offsite Program | FMCG - Beauty Category

1. Built and maintained strategic seller relationships

- Drove 30% MoM growth in key commercial metrics among top-contributing sellers, by consulting and pitching data-driven strategies across programs (Campaigns, FBS, Tier 1 KOL Lives, Promotions)
- Managed end-to-end partner lifecycles by analyzing performance trends and providing market insights.

2. Support execution of Offsite Program (AMS, CPAS)

- Increased AMS spend by 8-10% MoM by launching Barter initiatives that incentivized sellers to raise commission rates
- Improved performance tracking by building Offsite tracking working file by KAM and shop levels

3. Project Owner | Seller Portal Project - A centralized data hub

- Collaborated with team leads and Beauty Category Manager to design seller performance dashboards
- Reduced daily reporting by 40-50 minutes per KAM, while improve overall portfolio performance by 12% by automating data updates from multiple sources into a centralized one-page dashboard

4. Project Owner | Beauty Bot - An Agentic AI

- Improved team access to market insights by engineered an AI agent that summarizes daily E-Commerce and FMCG trends, estimating business impact and generating next actions
- Successfully piloted at the team lead level, helping to deliver quick insights, targeted into China and Korea beauty markets.

Ru9 | E-Commerce Executive | May 2024 - December 2024

PIC Lazada & TikTok Shop Sales Performance | Lifestyle - Home Living Category

- Drove 15% of total E-Commerce sales contribution and achieved Top 5 ranking in the Shopee Beddings category, by launching and scaling livestream sessions across Shopee, TikTok Shop and Lazada.
- Increased GMV by 80% YoY on Lazada and TikTok Shop, by optimizing campaign strategy, pricing, collaborating with KAM.
- Developed monthly visual plans (Shop Banners, thumbnails, campaign assests) to align with platform campaign and events to increase CTR and drive sales performance
- Built automated trackers and dashboards using Google Sheets and Power BI, transforming manual reporting into real-time performance dashboard snapshots.

EDUCATION

UEH | Bachelor of E-Commerce | GPA 3.5

Young UEH Researchers 2024

- Led a team of 5 members to build an ARIMA forecasting model for VCB stock prices, achieving 92% accuracy (based solely on historical data)

Foodate Startup Project 2023

- Researched F&B market and developed a food waste reduction business model to minimize profit loss from near-expiry products (baked goods)
